ALBERT ROGERS,
W. A. C. CONVERSE, } Auditors.

SCHOOL REPORT.

W. A. C. Converse, Treasurer of School Board, charges himself as follows;

To cash on hand March 1, 1890	\$53
To cash of Town Treasurer	1,287 27
To cash of Haverhill School Board for tuition of	
scholars in 7 Union	20
	<hr/>
	\$1,307 87

He discharges himself as follows;

Paid for teachers including board	\$1,112 30
Wood, fires, etc	88 30
Carrying scholars	117 60
Miscellaneous bills	8 02
	<hr/>
Making a total of	\$1,326 22

Leaving \$18 22 due him.

Just about this sum was paid over to Haverhill by the town treasurer, being due to them from the Harris Stevens tax, but the engagements with teachers were so far made before we knew of it that it has seemed impracticable to avoid the debt of 18 22

We have examined the above accounts and found them correct with satisfactory vouchers.

The 100 Cents in a Dollar.

The shrewd farmer everywhere seeks fertilizers that will increase his crops and so enlarge his income. He not only demands one hundred cents' worth of plant-food in every dollar's worth of fertilizer that he purchases, but his investment must also pay a handsome dividend in the increased value of his crops. The state chemists report a high valuation on our goods, but the highest valuations that we receive are from the farmers themselves, who have used our goods and who know, therefore, whereof they speak.

The thoughtful farmer will notice that values is the Notice the state reports do not give the agricultural of the fertilizers, whereas the agricultural value only value which benefits the growing plant. these facts:—

1. A State elements not rate leather; while valuation does not tell from what source the of plant-food are derived. For example: it does nitrogen in blood any higher than nitrogen in yet nitrogen in blood is a most valuable plant-food, while nitrogen in leather is almost worthless.

2. A State valuation does not take into account the proportions of plant-foods in the fertilizer. This, however, is of vital importance to the plant in promoting its growth.

The progressive farmer will always purchase the **Bradley Fertilizers** because they are composed of the best materials, combined in those proportions that experience has shown produce the largest crops. *We will send you on application "Bradley's American Farmer," which will tell you all about our fertilizers, and give you the reasons for their great success.
